How Money is Made by Farming.

Much labor is done on farms that is not farming in its true sense. By such labor no money is ever made. A man may support himself and his family, keep out of debt, and have a few dollars in his pocket by practicing the most stingent economy. If he is otherwise than industrious and sober, he is on the down grade with loose brakes, and the end is soon reached. But farming in its true needs equal study, mental capacity, and intelligently directed labor to command success in it.
